

Frequently Asked Questions

Undoubtedly our current Cow Sense customers have many questions about the new version and what an upgrade to the Next Generation of Cow Sense may entail. Accordingly, we have created this list of Frequently Asked Questions and respective answers. We have grouped these by the four categories listed below. Simply select (click) on the category(s) of interest and you will be directed to a list of related questions and answers. To return back to this page click the “Back” button following the last question of that category.

I. The Next Generation of Cow Sense® Features and Benefits

II. NxGen Upgrade Costs and Pricing

III. Conversion of Existing Cow Sense Data
